- **Consulting Services**

CPA's are most sought after professionals amongst the MNC's in India. With a global recognition, a CPA can always find the best place to work any where and a salary of about 40-50% more than other accounting professionals

A certified Public accountant is the highest standard of competence in the field of accountancy by AICPA which is the worlds largest accounting body. The US CPA education deals with knowledge of US GAAP, IFRS, GAAS and US Federal Taxation & Business Laws. This gives a great advantage to a CPA when working with a US based financial firms or Indian firms working for US clients.

The US CPA consists of four parts: •

- **Auditing and Attestation**
- **Business Environment and Concepts**
- **Financial Accounting and Reporting**
- **Regulation**

One must pass all four parts after 18 months of his/her first examination, earning a minimum score of 75 in each part out of 100.

I would like to thank personally to Sripal Sir (as a mentor) and Surinder Mam (for REG) lectures. As you are aware, I started CPA journey in 2018 by myself but struggled to clear REG twice with lack of information how to crack this exam. With all support from Simandhar team for your support and motivational words makes me to keep the momentum and finally clear CPA examination.

- Tanmoy Sal, US- CPA

"Good things don't come easily" ...Is the fact we all believe. After a-lot of research, attending demo classes, paying some fees and failing to find the right CPA reviewer, when in loss of faith, I came across Simandhar Education through my mentor Nidhi. Unlike all, I have attended their regular class not demo, surprisingly class by Sripal sir went very well. I was able to connect the subject after a long time. Not just the teaching, Sripal sir ensured to help every student with Placements assistance, that's how I landed at Invesco with B.Com graduation degree at a great package.

- Rutika Marudwar, US-CPA

A very special thanks to Sripal Jain and Simandhar Education , Surinder Kaur and Suraj Lakhotia for being the best guide throughout my journey of becoming a CPA. They are the best support a student can ask for.

Also, I'd like to thank the team Becker Professional Education, Peter Olinto and Tim Gearty for their incredible help in my journey.

I passed all parts of my CPA exam today. It had been a challenging journey. Tougher than CA with loads of time management and planning but that would have not been possible to accomplish without the amazing guidance of Sripal Jain (CA, CPA) Simandhar Education Becker review course. Special thanks to Peter Olinto, Michael Brown, Tim Gearty for the constant guide through your lectures and motivation!

- Shivangi , US-CPA

As a student what could make you happier than having to see your results speak for itself after 9 long months of dedicated study - I'm so glad to have passed all the four sections of the CPA exam! Though the goal was to get that 75, every day was a constant reminder to do more, go an extra mile because tomorrow there ought to be something that my future self should thank me for. Thanks to Sripal Jain (CA, CPA) and Simandhar Education for inspiring me to take this up and being a guiding light throughout the journey.

- Sherin Cherrian US-CPA

The reason why I choose Simandhar education was they had faculties who were 24*7 available even when I was in US for sometime, I also feel that preparing your own notes is very important when your preparing for US CPA exam along with Becker Study Material. I would also reiterate that less scores in mock tests won't discourage you and rather make you much more prepared than before.
